Aufgrund neuester Techniken mit 3-Dimensionen Roboter und 20 jährigen Erfahrungen gibt es keinerlei Grenzen in Farbe, Größe, Form oder Design.

Healthier Choice Sound Solution FOUNDATION LONGLife

## Foundation

### Premium carpet cushion for commercial and hospitality settings

We understand that every contractor wants a cost-effective solution that's easy to handle, easy to install, and won't result in callbacks. FOUNDATION delivers that and more. If you're also looking for products that can stand up to the demands of contract applications including double-glue and stretch-in installations – you've found them in our FOUNDATION carpet cushions. Plus, they're not only ideal for hospitality, healthcare, education and commercial settings, they're made with the environment in mind, too.

### Unrivaled performance

- Optimum density and polymers help carpet look better, longer
- Visco-elastic "memory foam" absorbs energy for better comfort and less foot fatigue
- Absorbs sound and reduces noise for more pleasing, productive environments
- Designed for better "cleanability"-allows more efficient vacuuming so carpet stays clean and fresh

### Creates healthier settings

- MoistureBloc breathable moisture barrier prevents liquids from penetrating through the cushion
- Ultra-Fresh antimicrobial protection prevents growth of mold, mildew and bacteria for a healthy, odor-free and hypoallergenic environment

### Lets you breathe easier

- The world's only cushions certified by GREENGUARD, the gold standard for indoor air quality
- The lowest VOC emissions of any cushion in the industry
- Hypoallergenic design won't aggravate asthma or allergies

### Friendlier for the environment

- Made with rapidly renewable soy-based bio materials
- Zero-landfill process-all polyurethane manufacturing waste is recycled into new products
- 100% post-consumer recyclable

### More choices, more convenience

- Three attribute choices: HT, SE, and XP
- RELEASE Backing System for easy removal
